WHY CHOOSE THE ORDINARY?

Glasgow Science Centre has over 300 interactive exhibits to have fun with, so what could be better than arranging for delegates to have a go at all the fun and games after lunch?

We have lots of different day time spaces to choose from and we are here to support you every step of the way, with a reputation for delivering excellent food and drink we are confident you will have a memorable and seamless conference.

We use local suppliers to cut back on food miles and where possible local Scottish products. Using china plates and real knives and forks we can cut back on the impact created by disposable crockery and cutlery. When used, our paper cups and napkins are fully compostable and are recycled by our partners at Vegware.
